yes i need to find out how i can get ahold of someone about the services
that the laurel dept of welfare are not doing for a family . the children
are being neglected and have been called on not less than 50 times and the
children are still there with no lunch money or clean clothes.

they all have head lice and have been out of school one of which hasnt attended school since befor christmas. i want to know why these children are still there and what can be done since laurel welfare doesnt seem to care about them at all .
if ronnie musgrove has a email address please may i have it so i can tell him all that is going on or send me a number to which something will be done and these children be taken care of .
